ABOUT US

# YOUR KIT. MADE BY US.

AICONZ is a UK custom sportswear and teamwear company based in Ilford, London, with its own production facility in Sialkot, Pakistan.

Because we control production ourselves, we can make fully custom kits at fair prices, with no big minimum orders and no middlemen. Every design in this catalogue is a starting point. Change the colours, add your crest and sponsors, or send us something completely new.

We work with grassroots clubs, academies, schools, university societies and businesses across the UK. You deal directly with the founder from first sketch to delivery.

CUSTOMISATION

# MAKE IT YOURS

Every product in this catalogue can be changed. Pick a design you like as a base, then tell us what to change. We send you a free digital mock-up to approve before anything is made.

WHAT YOU CAN CUSTOMISE

| | | | |
|---|---|---|---|
| CLUB COLOURS | CREST & LOGOS | SPONSOR AREAS | PLAYER NAMES |
| NUMBERS & FONTS | COLLAR & NECK STYLE | SLEEVE STYLE | SOCKS & ACCESSORIES |

DECORATION METHODS

## SUBLIMATION

Ink dyed into the fabric. Unlimited colours, no cracking or peeling. Our standard for kits.

## EMBROIDERY

Stitched crests and logos for a premium finish on polos, jackets and hoodies.

## CHENILLE

Raised, textured patches. A classic look for varsity and heritage styles.

## VINYL

Heat-pressed names and numbers. Quick to personalise individual garments.

## DTF PRINT

Direct-to-film prints with fine detail on cotton and blends.

## PUFF PRINT

Raised 3D print that stands off the garment. Great for logos on leisurewear.

FABRICS & BUILD

# BUILT TO LAST A SEASON

We choose the fabric for each order based on the sport, the season and your budget. Weights run from light 180 GSM training tees up to 400 GSM fleece and heavy-duty rugby builds.

| FABRIC | WHAT IT DOES | USED FOR |
|---|---|---|
| **Performance polyester interlock** | Smooth, durable match fabric. Takes sublimation brilliantly. | Football, rugby, esports |
| **Breathable mesh** | Open knit panels for airflow where players heat up most. | Basketball, baseball, training |
| **Four-way stretch** | Moves in every direction. Used on side panels and pants. | Rugby, American football |
| **Heavy-duty knit** | Tighter, stronger build that resists pulling and abrasion. | Rugby, ice hockey |
| **Performance fleece** | Soft brushed inside, warm without bulk. | Hoodies, tracksuits |
| **Water-repellent shell** | Wind and shower resistant with a breathable finish. | Jackets, outerwear |

180 GSM — Light training tops and tees

290 — Match shirts and vests

400 GSM — Hoodies, fleece and rugby builds

## REINFORCED STITCHING

Stress points are double stitched so seams survive tackles, pulls and washing.

## SUBLIMATED COLOUR

Dye goes into the fibre, so colours stay bright and graphics never crack or peel.

## WOVEN NECK LABEL

Every garment carries a woven AICONZ label inside the neck.

SIZES & ORDERING

# HOW TO ORDER

**1** **SEND YOUR IDEA**

Logo, colours, a photo of a kit you like, or just a rough idea. WhatsApp or email is fine.

**2** **FREE MOCK-UP**

We design your kit and send a digital mock-up. Changes are free until you are happy.

**3** **CONFIRM SIZES**

Send your size list, names and numbers. We confirm price and delivery time in writing.

**4** **WE MAKE IT**

Your kit is produced in our Sialkot facility with quality checks at each stage.

**5** **DELIVERED**

Your order is shipped to your door, labelled and ready for match day.
